

Shooting Antarctica

Easy but adventurous reading for adult literacy and new readers. In Antarctica, Pat helps with shooting a film about wildlife. Shooting means filming Antarctica. Pat is a scientist and his girlfriend Kim is part of the film crew. But bad things start to happen. The soup makes the crew sick. E-mails go to the wrong person. Jack, the director, fights with his crew. Their third morning stuck in the sea-ice, Jack is missing. Pat and Kim try to work out what happened to Jack.

During your trip in the Arctic or Antarctic cruise you and your camera If you have a point and shoot camera or an entry level DSLR, there will most likely be aTips on how to take good photographs in the Antarctic. Dont just point and shoot (this only makes for quick photos, not good photos). Set yourself up, sit andPolar Information for antarctica photography. New digitals have a quicker click to shot response time, so you can capture whales breaching or glaciers calving. - 11 min - Uploaded by Stillness in the StormNews: Alex Jones Shooting False Flag, QAnon Hawaii Missile, German Secret Space Program - 3 min - Uploaded by DevlinPixVisit <http://bit.ly/DevlinPix> to see all our movies and videos.
