

Time & Money, Grades 1 - 2 (Exploring)

Time & Money, a comprehensive learning resource, provides high-interest, full-color lessons to spark students interest and encourage critical thinking. In the Time section, children learn to tell time to the hour, half-hour, and quarter-hour using both analog and digital clocks. In the Money section, children learn to count, add, subtract, and exchange and make exact amounts of change with pennies, nickels, dimes, quarters, half-dollars, and dollar bills. The problems are related to real-life situations to give children the practice they will need for everyday success. A complete answer key to measure performance is also included, as well as a fun sticker sheet and poster.
