This workbook, *Print Wacky Sentences*, is designed to inspire interest in print handwriting. This workbook focuses on writing complete sentences in print. Kids enjoy printing wacky sentences like, Two rabbits slept on a fox's head, and, Six elephants jumped over a giraffe. Exercises like these help to make learning fun, even at home. Three sections of this workbook help students develop their print handwriting skills at a variety of levels: Part 1 is for beginning writers who have practiced individual letters and words, and who are ready to move onto complete sentences. Students practice handwriting motions by tracing dotted sentences. Part 2 advances to help students begin to write on their own. In this section, students first trace a dotted sentence and then copy the sentence onto a new line. The three traditional horizontal lines are included as a guide - solid top and bottom lines plus a dashed middle line help students master the relative heights of the letters, and to write across the page in straight lines. Part 3 gives solid sentences instead of dotted sentences. At this stage, students practice their handwriting without first tracing the letters. Beginners may wish to start out with a more basic book that offers practice with individual letters before advancing to complete sentences, such as the *Print Uppercase and Lowercase Letters, Words, and Silly Phrases*. May your students or children improve their handwriting skills and enjoy reading and writing these wacky sentences.
